MEMORANDUM FOR: Comptroller

SUBJECT

: Identification of CIA Personnel on W-2

Forms

REFERENCE

: Memorandum to Comptroller (and others)

from Acting Deputy Director (Support) dated 2 February 1960, same subject

1. On the official routing slip transmitting reference you requested advice as to the approximate number of employees in TAS who could be given W-2 forms showing CIA as their place of employment. Based upon the criteria set forth in reference for personnel to be excluded from such number, namely, it is believed that only one present Staff member probably should be excluded based upon his age, i,e.,

However, it is believed that all regular Staff members normally should be susceptible for assignment therefore, ordinarily no regular TAS Staff member should be included on the list for issuance of W-2's as employees of CIA.

2. With respect to the present clerical employees on the Staff, perhaps one individual might be included on the list for issuance of W-2's as CIA employees, namely since this individual is married to a non-CIA employee. is married to a CIA employee and perhaps at some time would be interested assignment. The other two clerical employees,

while not at present old enough for assignment eventually desire same.
